CROP PROGRESS AND CONDITION WEEK ENDING NOVEMBER 10, 2019

AGRICULTURAL SUMMARY: Warmer temperatures along with drier conditions occurred throughout the state, according to the Mountain Regional Field Office of the National Agricultural Statistics Service, USDA. Topsoil moisture level conditions rated adequate to surplus decreased from 73 percent last week to 71 percent. Beaver, Iron, and Sevier Counties report very dry conditions. Beaver County reports most field work is complete. Statewide, corn mature is currently at 95 percent complete, and corn harvested for grain is currently at 50 percent complete, both slightly behind last year's progress. Statewide, winter wheat planted is currently at 95 percent complete, slightly above last year's progress, and winter wheat emergence is currently at 71 percent complete, above last year's progress. Iron County reports producers running pivots due to the dry conditions. Cattle and calves and sheep and lambs continue to come off pasture, at 91 percent and 89 percent complete, respectively. Hay and roughage supplies were rated 5 percent very short, 16 percent short, 75 percent adequate, and 4 percent surplus. Stock water supplies were rated 1 percent very short, 9 percent short, 88 percent adequate, and 2 percent surplus.
